

Experimental/Amateur Built Aircraft, First Flight Considerations

During the Naples Chapter 1067 of the Experimental Aircraft Association regular meeting June 4th, 2014 the FAASafetyTeam will present a program covering the first flight considerations for an amateur built aircraft. We will cover the FAA AC 90-109, discuss LODA, review resources and support. The EAA social will begin at 6:30pm with a cookout and the meeting will begin at 7:00 pm. Both are open to the general public.

Directions: The Naples Pilot Lounge is located in the end of the T Hangars between the Civil Air Patrol headquarters and London Aviation.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
